

When Time Doesnt Heal  
Allen - Lande

[Intro]

G Bm F#m Em Bm A

[Verse 1]

G Bm  
I thought the colours would come back  
F#m  
The days would return to something  
Em Bm  
I can understand  
G Bm  
I believed winter would change  
F#m  
Turn into spring someday soon  
Em Bm A  
But the ice won't melt

[Verse 2]

G Bm  
I thought the memories wouldn't be so strong  
F#m  
And all would fade away  
Em Bm A  
And I could move on  
G Bm  
I believed I'd found something new inside  
F#m  
To chase away the darkness in my mind  
Em E7sus4  
But I still cannot find

[Chorus]

A Bm  
Not a single soul is crying  
D G  
When the world around is dying  
Asus2 Em D  
Nobody can feel what I feel  
A Bm  
Does anybody hear me  
D G  
Or sit right here beside me  
Asus2 Em D  
Let me tell you about when time doesn't heal
