[Verse]

C#m7 D#m7

And love is hard,
Either it flourishes or it starves,
And I would love to give my heart,
I just can't pull the trigger in the dark,

[Pre-Chorus]

Emaj7 D#m7 C#m7 (3x) F

Well, now we've come to this,
We both agree that this love ain't bliss,
Oh, but before we cut these ties,
There's something I just need to emphasize,

[Chorus]

Bmaj7 C#m7 D#m7 Emaj7 C#m7 F

Well, I pray all your wishes come true,
And if you're in need, help is offered to you,
And I pray for peace, love and prosperity,
And may all your dreams become reality,

[Verse]

C#m7 D#m7

And love needs pain,
Just like the sunshine needs the rain,
Without the love shining,
All of this water falls in vain,

[Pre-Chorus]

Emaj7 D#m7 C#m7 (3x) F

Well, now we've come to this,
We both agree that this love ain't bliss,
Oh, but before we cut these ties,
There's something I just need to emphasize,

[Chorus]

Bmaj7 C#m7 D#m7 Emaj7 C#m7 F

Well, I pray all your wishes come true,
And if you're in need, help is offered to you,
And I pray for peace, love and prosperity,
And may all your dreams become reality, oh,
I pray all your wishes come true,
And if you're in need, help is offered to you,
And I pray for peace, love and prosperity,

And may all your dreams become reality,
Now we ve come to this,
Now we ve come to this.
