[VERSE 1]

Up til now my lucky stars shined brightest in the sky

I was living in the lap of the gods

But Miss Fortune turned the tables and turned out all the light

Now there s no chance in hell I ll beat the odds

[CHORUS]

I m going down going down

Down down down I m going down

[VERSE 2]

Up til now I never looked at what was in the cards

Played fast and loose I didn t, didn t give a damn

But a joker who is wild like me can t beat the old graveyard

If he s staring at a dead man s hand

[CHORUS]

I m going down going down

Down down down I m going down
