Time
Allison Weiss

Time by Allison Weiss
Tabbed by: Brian Jenkins

- Capo on 2nd fret, all chords are named relative to the position of the capo.

```
B        x02220
F#        022100
C#        x24422
E        x57755
```

Intro (x4):

B F# C# E

1st Verse:

```
B          F#                C#        E
```
I found the Holy Bible on a bench outside the courthouse
```
B        F#                C#                E
```
and I am scared because I do not think of God, no
```
    B              F#
```
The thoughts that cross my mind
```
   C#                E
```
are neither holy, nor divine,
```
    B            F#                C#          E  B        F# C#
```
just simple human longings for the boy who does not believe
```
   E                 B  F# C# E
```
he once believed in me

```
B          F#                C#                E
```
So I walked on and stuffed that heavy new book under my arm
```
B              F#        C#        E
```
and then I got in my car and drove on home
```
B        F#
```
I thought of words he said
```
    C#                            E
```
 bout where we re going once we re dead
```
   B          F#
```
but other worries fill my head
```
   C#              E        B      F# C#
```
It s selfish and I know I m wrong
```
         E                    B    F# C# E
```
but I ll miss him when he s gone

Chorus:

E

Yeah I still fear the black
B
 but there s no looking back
F#
 and if I m dying, I m just dying for you, dear
E
Can t tell which way to go
B
 I doubt we ll ever know
F#   **E** (pause)
 Let s take advantage of the time that we ve got here

 Cause time s all we ve got here

Interlude:

B F# C# E

2nd Verse:

B   **F#**   **C#**   **E**
I made it home, unlocked the door, and tossed that book onto the floor
B   **F#**   **C#**   **E**
where it sat waiting like I m waiting for the truth, so
B   **F#**   **C#**   **E**
I put it in a box under my bed, with all those silly things I ve kept
B   **F#**   **C#**   **E**   **B F# C#**
and I will leave it there unread, so I can get back to
              E   **B F#**   **C#**   **E**
figuring out how I ll get through today and tomorrow

Chorus:

E
Yeah I still fear the black
B
 but there s no looking back
F#
 and if I m dying, I m just dying for you, dear
E
Can t tell which way to go
B
 I doubt we ll ever know
F#   **E**
 Let s take advantage of the time that we ve got here

 Cause time s all we ve got here

Interlude:

B F# C# E

Bridge:

```
                          E                              B
And if it s just gonna end, what s the point of it all
        F#
Call it quits, cut out early, this is surely your fault
E                         B
When I fall back to you, I am through, I am through
E
Oh but I do, I do, I do

Chorus:

E
Yeah I still fear the black
B
 but there s no looking back
F#
 and if I m dying, I m just dying for you, dear
E
Can t tell which way to go
B
 I doubt we ll ever know
F#                                              E (pause)
 Let s take advantage of the time that we ve got here
                                  B (hold)
 Cause time s all we ve got here
```
