

**Capricornia**  
**Allo Darlin'**

Capricornia by Allo Darlin  
2nd fret

**G** **C** **G**  
Could you ever understand how you ended up here  
**Em** **D** **C**  
And every friend that you had has disappeared  
**G** **C** **G**  
And the tug of heart string is the line that pulls you home, you  
**G** **Em** **D** **C**  
bear witness to the ones you used to know ..

[Chorus]

**C** **G** **D**  
and I keep having these dreams  
**C** **G** **D**  
and I keep having these dreams  
**C** **G** **D**  
and I keep having these dreams

**C** **G** **D**  
and i will come to you, when you fall down,  
**C** **G**  
And when the lights go out and you set the world to rights  
**D** **C** **D** **G**  
When I find you under Capricornia skies

**G** **C** **G**  
Don?t you wanna be someone, you got to let it go  
**Em** **D** **C**  
If you stay will be old before you know  
**G** **C** **G**  
And the shadow of the midday sun burns beneath your feet  
**Em** **D** **C**  
and the old dogs are still sleeping in the street

[Chorus]

**C** **G** **D**  
and I keep having these dreams  
**C** **G** **D**  
and I keep having these dreams  
**C** **G** **D**  
and I keep having these dreams

**C** **G** **D**

and i will come to you, when you fall down,

**C**

**G**

And when the lights go out and you set the world to rights

**D**

**C**

**D**

**G**

When I find you under Capricornia skies

**C**

You ask more questions than you answer

**G**

It pulls me out and I go with the tide,

**C**

And you turn my world on it's axis

**D**

Every time I look into your eyes

**G**

**C**

**G**

You say the things you love are the things you never had,

**Em**

**D**

**C**

And when you hold them they pass through your hands like sand

**G**

**C**

**G**

Well, I have made promises too that I could never hold and

**Em**

**D**

**C**

underneath the sun the parts of these histories fold

[Chorus]

**C**

**G**

**D**

and I keep having these dreams

**C**

**G**

**D**

and I keep having these dreams

**C**

**G**

**D**

and I keep having these dreams

**C**

**G**

**D**

and i will come to you, when you fall down,

**C**

**G**

And when the lights go out and you set the world to rights

**D**

**C**

**D**

**G**

When I find you under Capricornia skies
