Summer tangled in your hair
First week of july

And from that word we couldn't take it slow
I still can't believe

The way you looked at me

This summer starts to end

Let's blame it on September

And even if the sun falls

verse 2 (same chords as verse 1)

We drew hearts there, in the sand
Laughed when waves erased our plans
Though we never knew
That they told the truth
I can still hear our laughing friends
As we sneak off again and again
No we never cared
Too young to be scared

pre chorus

The nights turn colder
Your hands on my shoulder
As summer starts to end

chorus

Lets blame it on September
Cause it hurts to remember
We can fight to hold on
But august is gone
Even if the sun falls
I hope we don't lose it all
Cause no summer lasts forever

bridge

E

On the beach in the heat

B

Ya know I need that sweet ocean air

C#m

I'm gonna go where I know we can be alone

A

Wait for you wait for you there

Chorus

Blame it on September
We can try to hold on
But August is gone

Blame it on September
