[Verse 2]

It s time to flaunt our innocence

Try new things that don t make sences

Or maybe just hang out with friends

I can wait a lifetime, or I can lose a lifetime

If I don t change my ways

Get out of this rat race

We can do this right

Just Saturdays and Sundays

[Chorus]

When I fall down I know I ve got this weekend
To live
I m gonna get my freak on
It carries me, and we ll be rocking our playlist
I won t back lstchords down
I ll live it up like Hendrix now
I ll paint my face just like kiss
Let s own this town
It s all about the weekend, so let s get down!

Wouldn t it be nice
Just Saturdays and Sundays

[Chorus]

When I fall down I know I ve got this weekend
To live
I m gonna get my freak on
It carries me, and we ll be rocking our playlist

When I fall down I know I ve got this weekend
To live
I m gonna get my freak on
It carries me, and we ll be rocking our playlist
I won t back down
I ll rock out like Nirvana now
Be timeless like Madonna
It carries me

It s all about the weekend X2
So let s get down
