Late Night In '85
Almah
It's cold out here
Silence screams inside my head
The sound of trees
         E
Fills my ears with memories
     E
Chapters of life
Lost in the stars
Late night in 85`
My childhood then slept forever
                 В
And i bleed for unreal wounds
And i bleed for unreal wounds
You know i`m here
You know i`m still your bigest friend
You know my fears
And all my goals along the way
Chapters of life
Lost in the stars
Late night in 85`
My childhood then slept forever
       E
                 В
And i bleed for unreal wounds
And i bleed for unreal wounds
     D E
And i still run away
       В
