

Sing Loud
Alpha Rev

This is my first submission! I listened to the lyric video then found them doing the song live. Any changes, let me know!

Standard Tuning
No Capo

(Verse 1)

D **A** **D**
Open wide I m ready for the battle
D **A** **D**
Our fight, this burning bed
D **A** **D**
See the bones that bullets have shattered
G **A** **D**
And I feel every drop of blood you ve bled

(Verse 2)

Lay down these promises broken
Take me into your hurricane
While violent clouds roll over
I ll hold your hand till the colors fade
I ll be here till your dying day

(Chorus)

D **G**
Sing loud from the roof tops
D **A**
Come dance on the rivers edge
D **G** **D** **A**
Carry me over mountains to the end of love
D **G**
Close the gates to the city
D **A**
Hear the drums on the hillside
D **G** **D** **A**
Carry me over mountains to the end of love

(Verse 3)

Standin in a field of voices
Find shelter from the blame
Even if you think it s all over
I ll be here till the colors fade
I ll be here till your dying day

(Chorus)

Sing loud from the rooftops
Come dance on the rivers edge
Carry me over mountains to the end of love
Close the gate to the city
Hear the drums on the hillside
Carry me over mountains to the end of love

Bridge:

OOoohh OOoohh OOoohhh (rpt. 4xs)

(Verse 4)

Put down the knife youre weilding
Let high stone walls fall away
With gentle time will be an ending
And I ll be here till the colors fade
And I ll be here till your dying day

(Chorus)

Sing loud from the rooftops
Come dance on the rivers edge
Carry me over mountains to the end of love
Close the gate to the city
Hear the drums on the hillside
Carry me over mountains to the end of love

Sing loud, burn it down, call the river as we fall apart
(rpt. 2xs. Fade out with the second time)
