Every Other Freckle

Oh
I want to share your mouthful
I want to do all the things your lungs do so well
I m gonna bend into you like a cat fits into a beanbag
Turn you inside out to lick you like a crisp packet
( E D A ) 2x
You re the first and last of your kind
(Pull me like an animal on top of I)
I wanna be every lever you pull
And all showers that shower you
Gonna paw, paw at you
Like a cat paws at my woolen jumper
[We are bent men, under one of them some trivia?]
E D A
Oh
Devour me
E D A
Oh
New, new let the cover girls sing
All hand claps, you will clap
(Let me be the wallpaper that papers up your room)
I wanna be every button you press
```

```
And all mouth fits around you
Yes I m gonna run around you
Like a cat runs around a thousand patios
I m gonna kiss you, like the sun browns you
