

**Metalingus**  
**Alter Bridge**

Verse:

**G**                    **D**                                    **E**  
I ve been defeated and brought down  
**G**                    **D**                                    **E**  
Dropped to my knees when hope ran out  
**G**                    **D**                                    **E**                    **Em**  
The time has come to change my ways

Chorus:

**E**                    **G**                    **D**                                    **A**  
On this day I see clearly everything has come to life  
                  **E**                    **G**  
A bitter place and a broken dream  
                  **D**                    **A**                                    **E**                    **Em**  
And we ll leave it all, leave it all behind, ya

Verse:

**G**                    **D**                                    **E**  
I ll never long for what might have been  
**G**                    **D**                                    **E**  
Regret won t waste my life again  
**G**                    **D**  
I won t look back  
                  **E**                                    **Em**  
I ll fight to remain:

Chorus:

**E**                    **G**                    **D**                                    **A**  
On this day I see clearly everything has come to life  
                  **E**                    **G**  
A bitter place and a broken dream  
                  **D**                    **A**  
And we ll leave it all behind  
                  **G**                    **D**  
On this day its so real to me  
                  **A**                                    **E**  
Everything has come to life  
                  **E**                    **G**  
Another chance to chase a dream  
                  **D**

Another chance to feel

**A**

Chance to feel alive

**Em Am Em Am**

Fear will kill me, all I could be

**Em Am**

Lift these sorrows

**Em Am**

Let me breathe

**E G D A**

Could you set me free

**E G D A**

Could you set me free

Chorus:

**E G D A**

On this day I see clearly everything has come to life

**E G**

A bitter place and a broken dream

**D A**

And we ll leave it all behind

**G D**

On this day its so real to me

**A E**

Everything has come to life

**E G**

Another chance to chase a dream

**D**

Another chance to feel

**A**

Chance to feel alive
