correct, but if you find any mistakes please tell me ;)
[Intro] G D Em C 2x
[Verse 1]
          D
Close your eyes,
        Em
              C
And just hear me sing,
        G
One last long goodbye,
One last song before you spread your wings.
               D
There s so much left to say,
And before this moment slips away
[Chorus]
What a wonderful life,
      Em
For as long as you ve been at my side,
And I want you to know,
I loved you so
[Verse 2]
The cold night calls,
And the tears fall like rain,
It s so hard letting go,
Of the one thing I ll never replace

For as long as you ve been at my side,
And I want you to know,

What a wonderful life
A wonderful life
        Em
And with one last embrace
                                        C
As the tears fall like rain you re gone
        Em
And with one last goodbye,
As you fade out tonight, you re gone.
