I Remember
AlunaGeorge

Intro

Fm G# D# (x2)

verse 1

     Fm
In the fabric, In the folds
   G#   **D#**
Lost memories get old
    Fm
Tiny love left unsaid
          G#   **D#**
Like grains of sand left in my bed

Pre-Chorus

      Fm
I've been trying
   G#   **D#**
Ooh, dancing away the dead gone days
        Fm
I've been flying
       Fm   **D#**
Ooh, the moment that I see your face…

  C#   **D#**
I remember, I remember, I remember goodbye
      Fm   **D#**
And the salted rain running from your eyes
  C#   **D#**
I remember, I remember, I remember the fights
Fm   **D#**
Burning deep into the night
  C#   **D#**
I remember, I remember, I remember your scent
      Fm   **D#**
When I just woke up and I'm on your chest
  C#   **D#**
I remember, I remember, I remember the sound
      Fm   **D#**

```
Of your heart racing when you do bad things to me
C#                                          D#
I wanna feel like it's the first night
Fm                      D#
I wanna meet you for the first time
C#                                           D#
I remember, I remember, I remember your smile
         Fm                  D#
When you face lit up and it felt so right

C# D# Fm D# (x2)

verse 2

  C#                      D#
A coincidence or a trap
       Fm            D#
Special moment or a slap
     C#
Tiny love will attack
   D#       Fm                       D#
As it gets bigger behind your back

Pre-Chorus
         Fm
I've been trying
     G#                  D#
Ooh, dancing away the dead gone days
         Fm
I've been flying
        Fm                    D#
Ooh, the moment that I see your face…

  C#                                          D#
I remember, I remember, I remember goodbye
        Fm                  D#
And the salted rain running from your eyes
   C#                                         D#
I remember, I remember, I remember the fights
Fm                      D#
Burning deep into the night
   C#                                         D#
I remember, I remember, I remember your scent
       Fm                    D#
When I just woke up and I'm on your chest
   C#                                         D#
```

```
                                                  
I remember, I remember, I remember the sound
        Fm                    D#
Of your heart racing when you do bad things to me
C#                                    D#
I wanna feel like it's the first night
Fm                        D#
I wanna meet you for the first time
C#                                        D#
I remember, I remember, I remember your smile
          Fm                  D#
When you face lit up and it felt so right

Fm C# D#
I remember.... (x6)

  C#                                          D#
I remember, I remember, I remember your scent
        Fm                    D#
When I just woke up and I'm on your chest
  C#                                          D#
I remember, I remember, I remember the sound
        Fm                    D#
Of your heart racing when you do bad things to me
C#                                    D#
I wanna feel like it's the first night
Fm                        D#
I wanna meet you for the first time
C#                                        D#
I remember, I remember, I remember your smile
          Fm                  D#
When you face it up and it felt so right
