

Out Of The Blue

Aly & AJ

The other version of this song on this site wasn't exactly right, so I decided to post my own version. I am 99.5% sure about these chords, but if you feel like something is wrong, free to post a comment about it.

I think that the strumming pattern is something like this:

D=Down U=Up

D D DUDUDU

```
  Em   C   G   D   Am
e-o---o---3---2-----|o
B-o---1---o---3---1-|
G-o---o---o---2---2-|
D-2---2---o---o---2-|
A-2---3---2---x-----|o
E-o---x---3---x---x-|
```

Capo 2

Intro:

Em C G D

Verse 1:

```
      Em
When somethings pure
              C                      G
How can people just say
              D
We re not meant to be
              Em
And when somethings true
              C
How can people just
              G                      D
Keep me away from you
```

Pre-Chorus:

```
Em
Suddenly I m all alone
Am                      C
Pushed away from nothing wrong
Am
Don't you have the guts to say
D
```
