Charade © Amanda Falk

Verse 1:

**C#m** **A** **E**  
**B/D#**  
another day, I paint on a face that they expect to see  
**C#m** **A** **E**  
**B**  
It's not all I want, but it's all I've got to make this world believe  
**A**  
Nothings wrong with me  
**C#m** **A** **E** **B**  
I'm an artist of emotion, a master of deceit  
**C#m** **A** **E**  
**B**  
and the many faces I portray are nothing at all like me  
**A**  
how I long to be free

CHORUS:

**E** **E/G#m** **A** **B** **E** **E/G#m** **A** **C#m** **B**  
from this, never ending maze, oh my heads in a daze every time I think  
**B** **E** **E/G#m** **A** **C#m** **B**  
**G#m** **A**  
in this over played charade, oh my hearts gonna fade and I can't go on

Verse 2:

**C#m** **A** **E**  
**B**  
it's a tug of war each moment to hide this pain inside  
**C#m** **A** **E**  
**B**  
but to open up, and spill this cup of feelings that I hide  
**A**  
but what would people do, what would people say  
**C#m** **B**  
when hear the truth, will they turn and run away  
**C#m** **A** **B**  
will they throw a stone, or lend a shoulder to lean on

(chorus)

Bridge:

**F#m** **E**  
 itâ€™s not fair, I canâ€™t take this anymore  
**A** **E**  
 oh these tears, are drifting me from shore  
**A** **E**  
 is there hope for someone just like me?  
**D** **A**  
**B**  
 then I hear a voice inside me say, "I can set you free".

CHORUS 2:

**E E/G#m A** **B E E/G#m A C#m B**  
 From this, never ending maze, I will be your strength, if you let me in  
**B E E/G#m A C#m B**  
**G#m A**  
 So just, take my hand and see, if you follow me, you can be free
