

**Greetings From Space**  
**Amanda Jenssen**

Capo 3

**G** **D**  
Greetings from space  
**Em** **D** **C**  
I am lost without a trace  
**G** **D**  
Without a face, number  
**C**  
or name

**G** **D**  
Here we could stay  
**Em** **D** **C**  
It feels nice to get away  
**G**  
from all the pain  
**D**  
the world has gone  
**C**  
insane

**G**  
It s all the same  
**D**  
handshakes and names  
**Em** **D** **C**  
circulating round  
**G**  
But I found  
**D**  
A leaphole  
**Bm** **C**  
in the ground

**G**  
So tell my guitar  
**D**  
I won t be  
**Em** **D**  
coming home  
**C**  
tonight

**G**  
Feels kinda pointless  
**D**  
when there s no one

C  
around

C D  
So I try

Em G  
to say that I m sorry

C  
And I try

D Em G  
to do no harm

C D  
And I lied

Em G  
when I said I was happy

C  
If you love me

D G  
please let me go

G D  
Peel off my skin

Em D C  
I don t need anything

G  
I ve lost your ring

D C  
But, honey, It s just a thing

G D  
Here we could stay

Em D C  
It feels nice to get away

D  
from all the pain

D D  
The world has gone insane

G  
It s all the same

D  
handshakes and names

Em D C  
circulating round

G  
But I found

D  
A leaphole

Bm C  
in the ground

G  
So tell my guitar

I won't be

**Em D**

coming home

**C**

tonight

**G**

Feels kinda pointless

around
