

Johnnys Song
Amanda Jenssen

Johnny's song

D **Em**
John don't shut your eyes
A **D**
cause there's so much left to see
Em
And don't you go anywhere
A **D**
ever without me
[REPEAT]
John don't close your heart
cause there's so much left to feel
You know that I'll do anything
for it to heal

Sunshine
is fading out
my sunshine
stop shutting down

They say it's for the best
that you should go to rest
They never mentioned anything
of the only one that's left
With never ending tears
there's no more time for goodbye kissing
Together all these years
now half of me is missing

Sunshine
is fading out
my sunshine
stop shutting down

So John he shuts his eyes
says there's nothing left to see
We may not be together
but it's always you and me
