[Verse 1]

**G#m** **D#**  
We ve had our share of joy and pain.

But we both get up so high just to come down again.  
**E** **B** **E** **F#**  
And now, you re like a rocket disengaging.

[Verse 2]

**G#m** **D#**  
Everything of yours have gathered up.  
**F#m** **B** **C#/E# G#/D#**  
When you come round here you won t be drinking from my cup.  
**E** **B** **E** **F#** **E**  
And I ve been fast asleep but now I m waking. It had to happen sometime.

[Chorus]

**B** **F#** **D#m** **G#m**  
I m rising up, I m right over you.

So fly away, cause that s the best thing you can do.  
**B** **F#/A#** **G#m** **G** **C#m7**  
Don t keep telling me how I should feel about us. I don t feel anything, baby.

**B** **D#**  
There was love, I can t deny,  
**F#m** **C#/E# G#/D#**

**E** **B** **E** **F#** **E**  
Your eyes won t always be spilling over. Yeah, it had to happen sometime.

[Chorus]

**B** **F#** **D#m** **G#m**  
I m rising up, I m right over you  
**B** **F#** **D#m** **G#m**  
So fly away, cause that s the best thing you can do.

Don t keep telling me how I should feel about us. I don t feel anything, baby.
