So Far Away - Amanda Jenssen

C **G/B**
You re so far away
F/A **G/B**
but somehow I can feel you anyway.
G/B
It s only been today
F/A **G/B**
I wished that time would have stopped
C
so I could have stayed.

Am **C**
Maybe I m not guessing this time.
Am **C**
What if baby I just want you to be mine?
Am **C**
It hurts when something beautiful
C **G/B** **Am**
has to end before it starts.

I thought I packed it all
G
but I forgot my heart.

C **G/B**
I m so far away
F/A **G/B**
the flower probably died but it s okay.
C **G/B**
This might be in vain
F/A **G/B**
but if I was with you this is what I d say,
C

Am
Although I m kind of lonely
C
I feel fine.
Am **C**
Because I ve done the discovery of all time.
Am **C**
Won t you come a little closer

C **G/B** **Am**
and I ll give you a clue.

G

I've figured out that happiness equals you.
