**C**  
Who needs love at all?

the chord patterns are D-C-G and A#-F-G, just listen for the changes and at the end of

who needs love at all , hold the A# for longer untill the chorus kicks in with the D-C-G.

at the end of all of the D-C-G patterns, except those in the chorus, you can (it

sounds

to use a bar chord and shift between the major and the 7th (i think)(and back again)

so;

G G7th ???
