

Want It Back
Amanda Palmer

I was expecting other people to be all over this tab cause this song is awesome, catchy, and simple. But I still don't see any tabs for it. So, I decided to put up the chords. It's a simple four-chord progression:

G D Em C

Piece of cake. But here are the lyrics with the chords just in case:

G **D** **Em** **C**
Hearts on a string like an older-fashioned phone can
G **D** **Em** **C**
BANG ringy ring and you think you're gonna get some
G **D** **Em** **C**
Thing you can bring to a party at your wake not
G **D** **Em** **C**
Thinking of the thing that you pay back when you take it...
C
Take it

G **D** **Em** **C**
Like rats in a cage pushed the button got the shock
trick
G **D**
Snickers in your bag
Em **C**
Had your number but I lost it
G **D** **Em** **C**
Bets are all off you're a lily-livered giver indie
G **D** **Em** **C**
In the hidden costs you're a sucker and you win
Â

G **D**
It doesn't matter if you want it back
Em
You've given it away
C
You've given it away
G **D**
It doesn't matter if you want it back
Em
You've given it away
Em
Away, away, away, away, away, oh

Â

G D Em C
He s al-ready on the outskirts

G D Em C
I m still pulling at his sweatshirt

G D Em C
He says fate is not a factor

G D Em C
I m in love with every actor

So

G D Em C
Once when you re gone and I wanna do it backwards

G D Em C
Just like the song, we re addicted to the L-word

G D Em C
Up past your head, down your back, around your ankles

G D Em C
Ready for attack, you re upstaged and then you re strangled

G D Em C
Cringe like you re cursed with your wrecking ball-y necklace

G D Em C
I saw it first and I crushed it with my hamfist

G D Em
High for the contest who s the better

C
not see

G D Em C
Eye to eye to eye and now you re blind and you can t catch me...

C
Catch me

G D Em C
If you can
(he s al-ready on the outskirts)

G D Em C
If you can
(I m still pulling on his sweatshirt)

G D Em C
If you can
(he says fate is not a factor)

G D Em C
If you can
(I m in love with every actor)

G D
It doesn t matter if you want it back

Em
You ve given it away

C

You ve given it away

G

D

It doesn t matter if you want it back

Em

You ve given it away

C

You ve given it away...

G D Em C

He s al-ready on the outskirts

G D Em C

I m still pulling at his sweatshirt

G D Em C

He says fate is not a factor

G D Em C

I m in love with every actor...

I will let you go if you will let some

I will let you go if you will let somebody

I will let you go if you will let somebody love you

I will let you go if you will let somebody love you like

I will let you go if you will let somebody love you like i do...
