

Harmless

Amanda Shires

Kind of a bummer more of her stuff isn't on here, so maybe I'll do more of them.

Tabbed from this live performance: <https://www.youtube.com/watch?v=3wTcqe8i-4M>

Chords are relative to capo and the capo is on the 3rd fret. My music theory is terrible, but I think the song is in the key of C.

[Verse 1]

A
A phased golden light
F#m
Rained down from the street light
Bm
It fell across your shoulder
E
Paused just above your collar
A
Like it had something to show me
F#m
As if I wasn't already noticing
Bm
Your eyes a shade of wonder
E
Like if thunder had a color

[Chorus]

A
It could have been harmless
F#m
Wanting to see
Bm
If I could get a little closer
E
And walk away breathing
A
It might've been cheating
F#m
Where exactly is the line?
Bm
Too early to admit it
E
I wanted you for mine

[Verse 2]

A
I kissed Maria in the alley
F#m
You laughed and spilled your whiskey
Bm
There s some I can t remember
E
A talented bartender
A
And way out in the cheap seats
F#m
The stars stared unblinking
Bm
The ones that know anything
E
Won t be revealing

[Chorus]

A
It could have been harmless
F#m
Wanting to see
Bm
If I could get a little closer
E
And walk away breathing
A
It might ve been cheating
F#m
Where exactly is the line?
Bm
Too early to admit it
E
I wanted you for mine

[Bridge]

G **A**
There was a sword in my drink
G **A**
Everything s a sign, if you want it to be
E
And you want it to be

[Chorus]

A
It could have been harmless
F#m
Wanting to see
Bm

If I could get a little closer

E
