The king died after  
C                         Em/D                                  G  
you promised loyalty

Don t show him the painting  
he ll fall down, you ll see..

The raven betrayed the dangers,  
but you put off his destiny..

You were misunderstood  
but the king praised your loyalty.

The king sacrificed the twins,  
for loyalty.

That s how..  
how you came back

and the king praised your loyalty.

The raven betrayed the dangers,  
but you put off his destiny..

You were misunderstood  
but the king praised your loyalty.
