Brush up against me I get chills all down my spine

Etc.

Chorus:

**Em** **C** **Bm**

Don t make this one dimensional, the way I feel is sexual

**Am** **Em** **C**

the way I feel is sexual. It can t just be intellectual, the way I feel is

**Em** **Am** **Em**

sexual, the way I feel is sexual, when you re next to me

(Throughout the whole song, it basically just repeats Em, C, Bm, Am; To change it up, in between the verses and chorus I will finger pick the bottom 3 strings of each chord to sound like the bass in the song. Any other questions, email me FunnygirlCA8@hotmail.com)
