Verse 1:

Eaddb4 **B**
Here we stand again

Another day has passed us

Eaddb4 **B**

With it s lack of change

Eaddb4 **B**

And all we have is what we share

Eaddb4 **B**

And all we want is someone else to be there

Chorus 1 (just guitar 2):

B **C#m**

And if the sun will set tonight

Eaddb4

Hold our secrets up to the sky

C#m

As our shadows grow there's nothing lefty to hide

B **C#m**

And if you ever doubt

Eaddb4

You will know that I still wonder

C#m **B**

How many times did I compare the stars to your eyes?

Chorus 2 (guitar 2 only):

B Eaddb4 **C#m**

We will make it through

Eaddb4

No matter the cost we've gone this far

C#m

B

Why not find out how it works out for you and me

Eaddb4 **C#m**

We'll make it through

I thought we were lost

Eaddb4

C#m

But somehow we haven't found a way

B

And I hope that we never do

Verse 2 (guitar 1 picking same as before, guitar 2 palm-muted):

Eaddb4 **B** Eaddb4

It's hard to get to understand

B Eaddb4 **B**

When all your lives are in our hands

Eaddb4

B

And don't stop when you've never been closer

Eaddb4

B

Just cause you don't know what matters most

Eaddb4

B

Eaddb4

So it won't always be so clearly right in front of us

(Chorus 1&2)

B

...And I hope that we never do

E B C#m

Never do

Bridge (just guitar 2):

B **E**
Doesn't really matter how it all began

Forsaken

Eaddb4 **E**
Got this far without knowing who we truly are

C#m

I will never doubt that

(Chorus 2)
