

Eaddb4

Hold our secrets up to the sky

As our shadows grow there's nothing lefty to hide

How many times did I compare the stars to your eyes?

We'll make it through

I thought we were lost

Eaddb4

**Bm**

But somehow we haven't found a way

**A**

And I hope that we never do

Verse 2 (guitar 1 picking same as before, guitar 2 palm-muted):

Eaddb4

**A**

Just 'cause you don't know what matters most

Eaddb4

So it won't always be so clearly right in front of us

Got this far without knowing who we truly are

I will never doubt that
