

**Another Perfect Sunset**

**Amber Rubarth**

The chords are **C E7 F G C G7** she uses a capo on the third but you don't have to.

**C** **E7**  
Another perfect sunset in the evening  
**F G C G7**  
I watch and wave goodbye  
**C** **E7**  
Another lonely day and now it's leaving  
**F G C G7**  
Won't you take me with you this time?  
**C** **E7**  
Cause you and I are both defined by silhouettes and dark outlines  
**F G C G7**  
Voids pressed against the orange glow  
**C** **E7**  
And we both take what we can get as we make our way out west  
**F G C G7**  
Just looking for a place to call our own

(While Whistling)

**C E7 F G C G7** X2  
C then mute come back in on **E7**  
I'll go away again so you can WANT me  
**F G C G7**  
We all love things once they're gone  
**C** **E7**  
And catch me if you can, I'm only walking  
**F G C G7**  
To keep my soles all old and worn  
**C** **E7**  
I'll take the time to make you mine with poetry and dark red wine  
**F G C G7**  
We'll sip it fast and read the words so slowly  
**C** **E7**  
And when our glasses are half gone, I'll sing you a sweet souled song  
**F G C G7**  
And you can tell me I'm your one and only

**C E7 F G C G7**

Thanks, don't ever leave me behind.. because good music can be so hard to find.
