

**My Way**  
**Amberlife**

Listen for the strumming.

**G Bm C**

Years are gone for me so past

**G Bm C**

Days are running will be last

**G Bm C**

But you will be forever in my mind

**Bm G**

Will never be place

**Bm C G Bm C**

Because you let me inside yourself

**G Bm C Bm**

I don\ t know the way without your side take my hand

**G Bm C Bm**

I don\ t know the way through darkest night so vacuan

**G Bm C Am**

Fly away from my hand

**G Bm C Am**

Try again to be my friend

Night and all the dreams of you

Days it never turned so true

But you will be forever in my mind

Will never be place

Because you let me inside yourself

Rain will wash our sarcenet clauds

Snow will cover up the stars

But you will be forever in my mind

Will never be place

Because you let me inside yourself

I don\ t know the way without your side take my hand

I don\ t know the way through darkest night so vacuate

Fly away from my hand

Try again to be my friend

I don\ t know the way without your side take my hand

I don\ t know the way through darkest stars so vacuate

Fly away from my hand

Try again to be my friend
