Lyrics:

Drive you in, drive you in
I swim
Down the coast
To the sand

Raise the sand to the wind
I ll leave
See the hills on the land

Chorus:
I won t come home till after
I ve shaken hands with native lands
And kiss the old friends back there
Cause I wanted water

Drive you in, drive you in
I swim
Reach the edge of the shore
Dive in

I won t come home till after
I ve shaken hands with native lands
And kiss the old friends back there
Cause I wanted water
