I need a better way, to get my head straight  
It's not like anybody would know  
I've got a silver cloud, high above me  
Running circles around and around me

Turn it up again we're going nowhere  
 And let the sound surround everyone  
 I play to static with the noise in my head  
 And let the sound surround everyone

Verse:

Go off the deep end, I've got nothing to prove  
 And I've got nothing better to do  
 I'm so happy, so fucking happy now  
 That I'm far from the glare of the city

Chorus:

Turn it up again we're going nowhere  
 And let the sound surround everyone  
 I play to static with the noise in my head  
 And let the sound surround everyone
