Western Sky
=====

[E]-[F#]-[E]-[F#]

[E] Time for me to go a-[F#]-way.
I ll get a [E] new name, I ll get a new [F#] face.
[E] Time for me to go a-[F#]-way. No....., I
[E] don t belong in this [F#] place

But

[C#m7] I m not gonna ask you why you think
[C#m7] the parade has passed....
[D#m7] you ... by... [E] . Or if
[C#m7] everything good is gone, into the western
[D#m7]
[E] sky

[E] I hate to see you look that [F#] way. All....
the [E] beauty, has left your [F#] face. That s such
[E] an easy thing to give a-[F#]-way. That s....
im-[E]-possible... to re-[F#]-place.

So I ll

[C#m7] take you in my two weak hands.
And I ll [C#m7] throw you [D#m7] so high.
[E] Watch you
[C#m7] fall forever, forever in the western, [D#m7] sky.
[E]
And when you [F#] land you ll turn,
you ll turn into some kind of pri-[E]-iize
[F#] Into somebody s sweet [E], prize
[F#]
[C#m7][G#m7][F#][G#m]

[E] I won t see you no more. [F#] Hmmm,
[E] who am I to rate that [F#] high
[E] The world s a shadow of what went be-[F#]-fore. The.....
[E] world gives off none of its own [F#] light

So,

[C#m7] please be happy baby. And please
[D#m7] don t [E] cry. Even
[C#m7] though the parade, the parade has passed
[D#m7] us [E] by. Well you can
[F#] still see it shining, shining in the western [E] sky

[F#] in the western [E] sky.
[F#] you can still see it [E] shining
[F#] you can still see it [E] shining
[F#] you can still see it [E] shining
[F#] So why won t you stop [E] crying [E]
[F#] You can still see it [E] shining
