

[Verse 2]

C#m **F#**
It started with a cigarette and a whiskey
B
Escalated when she ain't miss me
G#m
I got a good feeling I'm replaced now
C#m
Yeah, I'm drinking straight, I don't chase now
F#
Depression got me picking up the pace now
B
They won't see me take it to the face now
G#m
I mix it with the smoke for the balance
C#m
Admitting all this my biggest challenge

[Pre-Chorus]

F# **B**
All my life tryna be somebody
C#m **G#m**
(All my life tryna be somebody)
F# **B**
All my life tryna be somebody
G#m

[Chorus]

C#m **F#**
Momma, I don't wanna be famous
B
I just wanna go home
G#m
You know I don't ever feel shame but

I'm ashamed, take me home
C#m **F#**
I'll do better, I promise
B
I'll do better, I promise
G#m
I'll do better, I promise

Just for you

[Outro]

C#m **F#**
Momma, I don't wanna be famous
B

I just wanna go home

G#m

You know I don't ever feel shame but

I'm ashamed, take me home

C#m **F#**

I'll do better, I promise

B

I'll do better, I promise

G#m

I'll do better, I promise

Just for you
