D
          G
                F
                      С
                                            G
Adventure s her roadmap till her day is complete
          G
                F
                      С
Chorus:
F D# A#
                             D#
                                             A#
I kind of like her now
                             D#
                                             A#
Whoa Whoa
                             D#
                                             A#
She s got her own style
                             D#
                                             A#
She doesn t look around and she won t be fooled by you
Outro:
D
             G
                   F
                         C
                             G
I kind of like her now
             G
                   F
                         C
                             G
She doesn t look around
D
             G
                   F
