The darkness has always been
The world was born in to a blanket of sin
And all the faiths been gone
Still we found a reason to carry on

Chorus:

C - /B â€" Am â€" D/F# - G â€" Gsus

Through the worry, worry, worry

C - /B â€" Am â€" D/F# - G

Weâ€™re caught in an endless maze

Em C

When the lights go out

D/F# G

All that I can think about

C D/F# G â€" Gsus â€" G

Is how weâ€™ve seen better days

Lover lately Iâ€™ve been thinking I might leave you
As youâ€™re surrounded by these fools who do deceive you
Yes our past is wretched true
But Iâ€™m still in love with you

C D

(Thatâ€™s why) I am still refusing to give into

(Repeat Chorus â€œAll thisâ€¦â€•)

Bridge:

Fmaj7 C G

Where do we go from here?

Fmaj7 C G

While weâ€™re all so consumed by fear

Em

Well Iâ€™m trying not to be suspicious to those

A

Iâ€™m suspicious of

Iâ€™m trying to crack

Open this angry heart

D â€" Dsus

And find a little loveâ€¦

(Repeat Chorus "Still Iâ€™mâ€¦")

When the lights go out
All that I can dream about
Is how weâ€™ve seen better days
