Supply And Demand
Amos Lee

```
G#      G#/B   C#    G#
```

```
G#
```
Somethin gotta give with the way Im livin
```
                                          C#
```
Seems Im gettin down everyday
```
                                    G#
```
The more I strive, the less Im alive
```
        Eb                         C#          G#
```
And seems im gettin further away

```
G#
```
Oh well all my superstitions and my crazy suspicions
```
                                        C#
```
Of the people that I care about
```
                                            G#
```
I been doin more screamin than i been doin dreamin
```
            Eb                     C#          G#
```
And I think its time I figured it out

```
                    C#        G#          C#          G#
```
Yeah baby I need a plan to understand
```
        Fm          Eb       C#        Eb          G#
```
That life aint only supply and demand

```
G#
```
I been goin joggin in the park after dark
```
                                              C#
```

Draggin round with me my ball and chain
```
                                  G#
```
Took southern skies to make me realize
```
              Eb               C#          G#
```
That Im causin myself this pain

```
G#
```
The woman that Im lovin yeah Im pushin and shovin
```
                                        C#
```
Getting further on by the day
```
                                          G#
```
And I cant understand how the heart of this man
```
        Eb            C#          G#
```
Ever let it end up this way

```
 C#        G#          C#          G#
```
Yeah baby I need a plan to understand
```
        Fm          Eb       C#        Eb          G#
```
That life aint only supply and demand

```
Fm                                              C#                    G#
When the road gest dark and lonesome dear
             C#            G#
You can find me here
                          Bbm                 C#        Eb
But honey you dont know where I am
                     C#              C#    G#/B  Bbm   Eb    G#
You need a friieend yeeaahh

G#
Life aint easy in fact I know its sleazy
                                       C#
When youre the big man in town
                                  G#
Shakin religions and makin decisions
        Eb            C#              G#
You never get slow on down

G#
Well your wife and your baby you tell them yeah well maybe
                                      C#
Ill meet yall at a weekend resort
                                          G#
But your eyes on the prize and you cant realize
         Eb              C#              G#
Your little girls life is so short

                      C#          G#        C#         G#
Brother you need a plan to understand
       Fm         Eb       C#      Eb          G#
That life aint only supply and demand
                      C#          G#        C#         G#
Sister you need a plan to understand
        Fm         Eb       C#      Eb          G#
That life aint only supply and demand

G#                              G#/B      C#              G#
Hey you better figure it out now
You know you aint comin back down, yeah
You better figure it out now
You know you aint comin back down
```
