

Greater Than Consequence
Amos the Transparent

this is my first tab so it might not be perfect but it sounds right to me!
thanks enjoy(:

Its pretty much the same throughout the whole song so just repeat.

Capo on 3rd

C **G** **F** **C**
Pack it up before the arrow meets your heart
C **G** **F** **C**
When I am done, you will never ever love again

Am
ever love again

Am Em C
 ever love again

C **G** **F** **C**
Clear the table of the embers setting fire
C **G** **F** **C**
The house will catch and you will never ever live again

Am
ever live again

Am Em C
 never love again

Hide yourself from all this consequence
Cause it seems much greater than defense
Hide yourself from all this consequence
Cause its seen more love than sense

So forward on
So forward on

Pick a path though it shadows over mine
These city lights spread like cancer on the skyline
Clear your sights of all the habits that are mine
When you get tired, you will never ever love again
or ever love again.

Hide yourself from all this consequence
Cause it seems much greater than defense
Hide yourself from all this consequence

Cause its seen more love than sense
So carry on....

I was meant to go alone
If I was meant to go alone
I was meant to go alone
If I was meant to go alone
