Tuning: drop down to half-step (Eb, Ab, Db, Gb, Bb, Eb)

```
B                      Bb/B           E
And all the lights will fall anyway
B                      Bb/B           E
In between our nights and our days
```

```
C#                 Eb            E
No, no one will lie next to me
C#                 Eb            E
An image burned in my eyes I ll never see
```

```
B                      Bb/B           E
Soon we will take our last breath
B                      Bb/B           E
In between our lives and our deaths
```

```
G#m                       C#            E
Soon we ll look outside and in the street
G#m                       C#            E
We ll see the light that ends our lives so naturally
```

```
B      Bb/B  E
B      Bb/B  E
```

```
C#                 Eb                E
No, no one will lie next to me
C#                             Eb               E
An image burned in my eyes I ll never see
```

```
B                  Bb/B                E
Soon we will take our last breath
B                      Bb/B           E
In between our lives and our deaths
```

```
G#m                       C#            E
Soon we ll look outside and in the street
G#m                       C#            E
```

We ll see the light that ends our lives so naturally

End on **B**
