Another day

Oh darling

We may be so far apart

But I know that

You ll allways stay inside my heart
Forever
Cause you re the only love I known
Together
I ll never have to be alone

Your spirit gives me hope to carry on
Now I understand that even though you re gone
Life goes on
Life goes on without you baby

Another day
Another time and place
Somewhere, someway
We ll meet another day
Another day
Belongs to you and me
somewhere, someway

[Instrumental]

Another day
Another time and place
Somewhere, someway
We ll meet another day
Another day
Belongs to you and me
Somewhere, someway
Another day
