

Shooting Star
Amy Diamond

Tabbed by Mcfly

Dm **C**
Sun s busting in through the drapes, I awake as a new day starts
Bb **C**
Feeling I am clear in my mind, I m alive, I m in love, feel it in my heart
Dm **C**
The day opens up on the world like a dream, and I start to smile
Bb **C**
This thing I have with you s not a feeling, a sense it is more like a state of
mind

(Chorus)

F **C**
Wherever you go I will follow, I just wanna be where you are
Dm **Bb**
Like a shooting star, you shine brightest of them all
F **C**
Wherever you go I will follow, and it doesn t matter how far
Dm **Bb**
Like a shooting star, you shine brightest of them all

Dm **C**
Once I was torn, I was lost, I felt weak until I found you
Bb **C**
You hit me with the spark, a light in your eyes, keep me cool and I feel brand
new
Dm **C**
Like a breath of fresh air like a natural high, I lose sense of time
Bb **C**
This thing I have with you s not a feeling, a sense it is more like a state of
mind

(Chorus)

(Instrumental)

F **Bb**
Love is just like, flashes of light
Dm **C**
Streaming throughout my heart

F **C**
