Lyrics from

Please understand me - your games ain?t working anymore
You can?t have this candy - and keep one foot outside the door
Now you only come around - when your life is upside down
And I m about to blow your cover - so tell me

(Chorus)

What's in it for me - I really gotta know
What's in it for me - this ain't a one man show
In my life you come and you go
Ain't happy about it - so I gotta know
What's in it - what's in it for me

Got no time for a hit and run - I need more than a little fun
Cause I only play for keeps
I gotta know what it's all about - go ahead and spit it out
What's in it for me

Chorus
