```
E                   A      B
It takes a little time sometimes
B                                       E
to get your feet back on the ground
E                   A      B
It takes a little time sometimes
B                                         E
to get the titanic turned back around
E                   A      B
It takes a little time sometimes
B                               E

Verse I:
A
What’s this walking through my door
G#/E
I know I’ve seen the look before
A
Sometimes on faces on the street
G#/E
And sometimes at the mirror looking back at me
A
You can’t fix the pain with money
E
You cant’t rush a weary soul
D
You can’t sweep it under the rug now honey
B
But it take not a lot to know

Chorus

Verse II :
A
Well it may not be over my morning
G#/E
But Rome wasn’t build in a day
A
You can name that thing a thousand times
E
It won’t make it go away
```

**A**
Let me put my arms around you
**E**
And hold you while you weep
**D**
We â€˜ve been talking and you know what, Iâ€™m sick of this talk
**B**
And itâ€™s nothing that wonâ€™t keep

Chorus:
Chorus freely again but modulates a whole tone up.

**F#**                  **B**    **C#**
Takes a little time sometime
**C#**                              **F#**
to get the....

You canâ€™t fix the pain with money
You cantâ€™t rush a weary soul
You canâ€™t sweep it under the rug now honey
But it take not a lot to know
