 Em **G** **D**

Em **G**
Wave your flag high above your head
 D **C**
You deserve to smile, celebrate in style
 Em **G** **D**
Cause everything that depressed you now is gone

Em **G**
And eighteen days while the world looked on
 D **C**
You stood your ground, kept holding strong
Em **G** **D**
Eighteen days while the world looked on

C **Em**
Across the Nile there are stars tonight
 G **D**
And they shine much brighter than before
C **Em**
Across the Nile there s peace and love tonight
 G **D**
And it shows much stronger than before

Much stronger than before

Free and fair life they said it would be
Cross our fingers, wait and see
And dream of a better day

And across the world you've shown them all
That hope and strength can conquer all
Will we stand together again?

Across the Nile there are stars tonight
And they shine much brighter than before
Across the Nile there's peace and love tonight
And it shows much stronger than before
Much stronger than before

Hope and strength can conquer all
You've shown the world how the mighty fall
And across the Nile there are stars
Much brighter than before
