INTRO =
C#m A E B (X3)
C#m A B
                      C#m
(B)
You say we ve got this mountain we have to climb
I m hungry and out of time
      C#m
I never got enough sleep
           В
   E
And now I m wondering
               C#m
If you ll wake up one day by some sea
    E
              В
and think about me
               C#m
I left you with a handful of love songs
And a reason to be free
But someone broke your heart
I didn t
E B
Someone played too hard
I didn t
Е В
Someone stole your dreams
I didn t
                      В
                                       В
Someone got there a long time before me
                     C#m
You say we ve got this long road that lays ahead
It s gonna take a lot of tread
Cause I ve been walking it all my life
I still can t get it right
               C#m
Guess I need a reason to believe
```

В

```
In faith and apologies
           C#m
 Cause I ve known them all my life
I still can t see the light
Someone broke your heart
I didn t
Someone played too hard
I didn t
E B
Someone stole your dreams
I didn t
                                      В
          В
Someone got there a long time before me
INTRO PLAYED AGAIN
               C#m
So you got every reason to be broke down
                В
Well, I m not hanging around
Just looking for a fight
To make all that hurt seem right
  C#m A
So many reasons to be free
  E
We can count on history
    C#m
To give us one more chain that binds
Something to remind us
Someone broke your heart
[I didn t]
E B
Someone played too hard
[I didn t]
E B
Someone stole your dreams
[I didn t]
Someone broke your heart
I didn t
E B
Someone played too hard
I didn t
E B
Someone stole your dreams
