I hear the rock show winding down at the high school

Bm D A G

Kids out on the sidewalk, waiting for a ride

Bm D A

All the punks and the queers and the freaks and the smokers

Bm D A

Feel like they'll be waiting for the rest of their lives

D A G

Alright I hear what you're saying to me

D A G

Alright I hear what I just can't do

D A G

But I got this spark I got to feed it something

Bm D A G

Or put it out for good, or put it out for good.

Bm D A

The stadium lights were breaking through the bleachers

Bm D A

I spent all day pushing tissue roses into chicken wire

Bm D A

Hey S.G.A., I'm an overachiever of the wrong persuasion

Bm D A

A pep rally kid, a new gender nation with a new desire

D A G

Alright I hear what you're saying to me

D A G

Alright I hear what I just can't do

D A G

But I got this spark I got to feed it something

Bm D A G

Or put it out for good, put it out for good.

Bm D A G

Or put it out for good, put it out for good.
