

Leave Us Alone
Amy Shark

LEAVE US ALONE (AMY SHARK)

Capo on 6th Fret

[Intro]

G D/F# Em C

[Verse 1]

G **D/F#**
I finally got the feeling back in my hands and feet
Em **C**
I finally understand that we were never really meant to be
G **D/F#**
But God we had fun, when it was just you and me
Em **C**
In a tiny apartment, didn't have a clue you gave me something
You gave me something to do

[Chorus]

G
I don't know who I am
D/F#
I'm not fun anymore
Em
Why is everyone here
C **G**
Wish they would leave us alone
D/F# Em C
Alone, alone, alone

[Verse 2]

G **D/F#**
I finally listened to that song you played about a hundred times
Em **C**
I caught myself looking at photos of you in your old house
G **D/F#**
Oh God we had fun, when it was just you and me
Em **C**
I was all that you had you said I'm all that you need
You gave me something to do
