

**White Horse**  
**An Angle**

Song: White Horse  
Artist: An Angle  
Album: We Can Breathe Under Alcohol

An Angle is one of the best bands out there today, and when I came on here and found no tabs for the band at all, I figured I needed to figure out a song and and post it. This is one of the best songs on the debut Drive Thru full length. This tab may not be perfect for a full band cover, but it is great if you want to do a nice little acoustic sing along and it sounds perfectly fine. Well, here it is. Very simple.

E - 022100  
**Asus2** - x02200  
B - x24442  
B5 - x244xx

**E**                                 **Asus2**                                 **B**  
So the camera was finished it was automatic

**E**  
Its time for a new film

**Asus2**  
You were developing photo

**B**                                 **E**  
A date on the paper the past lover

**Asus2**  
I was the apple you ve eaten

**B**                                 **E**  
The boy that put on all of his clothes

**Asus2**                                 **B**                                 **E**  
Now a memory that hangs with a thumbtack on the wall

**Asus2**                                 **B**                                 **E**  
In this town I spend with high heels and designer clothes

**Asus2**                                 **B**                                 **E**  
People prance like puppets strings around the bar

**Asus2**                                 **B**                                 **E**  
And I saw you standing there with your finger around your straw

**Asus2**                                 **B**                                 **E**  
Yeah, with long brown hair you look like leaves falling in autumn

**Asus2**  
And the mouth was open up

**B5**  
Try throwing up the words

**E**                                 **Asus2**

But I guess I ll stick to this drink

And now that you ve ocurred

**B5**

The first time I met a girl

**E**

**Asus2**

She said she will crucify your lies

Like walking against the wind

**B5**

Believing in religion

**E**

**Asus2**

Coz god I still hate you so much

**B5**

So give me my dream or pour me this drink

**E**

coz thats all you re good for

**E Asus2 B E (x2)**

**(E)**

**(Asus2)**

**(B)**

**(E)**

And there s a white horse that carries a burning light

**(Asus2)**

**(B)**

**(E)**

And just guide me to happy moments and another lie

**E**

**Asus2**

**B**

**E**

And Im cutting like my daily value and sending it through a straw

**Asus2**

**B**

**E**

And the bigger my heart grows come on black blood

**Asus2**

So Im tired of living here

**B5**

Just pass me the money now

**E**

**Asus2**

Wrap gifts are a surprise no more

**B5**

Lets ride out to the sun and burn our eyes to dust

**E**

**Asus2**

Coz theres no such thing as love

Like the old poets said

**B5**

As hard as you drink the s---

**E**

**Asus2**

The more the glass will be half full

So give me my dream

**B5**

Or pour me this drink

**E**

Coz thats all you re good for

**Asus2**

**B**

And I try to betray a lie

**C#m**

Like punching through the glass

**B**

**Asus2**

Well this throat drink is bad blood down

**B**

And give me another tongue

**C#m**

**B**

And shower me my love with the words green water

**Asus2**

**B**

And I try to betray a lie

**C#m**

Like punching through the glass

**B**

**Asus2**

Well this throat drink is bad blood down

**B**

And give me another tongue

**C#m**

**B**

And shower me my love with the words green water

**E Asus2 B E** (until the end.)
