Lyrics;

And I thought you had ruined it all
and I thought you were going to hell
And I thought I had ruined it all
And I thought I was living in hell

But I get it now, yeah I get it now

And they said that I had to be strong
And they said I should stick to the plan
And they said that it wouldnâ€™t take long And they said just remember the plan

But I get it now, yeah I get it now
But sometimes it gets a little cold inside
And I know you tried, yes I know you tried

But they told me, they told me.
Things arenâ€™t always as they seem, seem
And they told me, they told me.
I should just concentrate and breathe, breathe, breathe.

And I thought I was doing okay
well I thought you were doing so well

And I know I am doing okay
but I know it was not too well

But you wonâ€™t look into,
no you wonâ€™t look into.
But sometimes, it gets a little cold inside
And I know you tried, yes I know you tried

Well they told me, they told me.
Things arenâ€™t always as they seem, seem
They told me, they told me. I should just concentrate and breathe, breathe,

Your little lungs sighed, breathe your little lungs you breathe your little
lungs sighed.
Breathe your little you breathe, your little lungs sighed.
