Spools Of Thread
an Unkindness

 Em + Optonial Open Chord

[Verse 1]
```
G                           Em      G                           Em
If you really don t believe me, you can tell me that I m wrong.
G                         Em      G                               Em
And I d really like to look around, but my night-light won t turn on.
```

```
              Em    Am
It won t turn on.
              Em    Am
It won t turn on.
              Em    Am
It won t turn on.
```

[Chorus 1]
```
Em                              Em
    And you know it s gonna hurt,
Am                              Em
    and you never say a word.
```

[Verse 2]
```
G                         Em    G                           Em
If you want to understand me, sometimes you have to read the lines.
G                             Em    G                         Em
As my tear-soaked pillow drowns me, I can see through all your lies.
```

```
              Em    Am
Through all your lies.
              Em    Am
Through all your lies.
              Em    Am
Through all your lies.
```

[Chorus 2]
```
                         Em
And you don t want me to curse,
          Em
well fuck you.
                  Am
And you want me to smile,
            Em
well I try to.
```

```
Em                              Em
    And you know it s gonna hurt,
Am                              Em
```

and you never say a word.

[Verse 3]
G   **Em** **G**   **Em**
And every tree you ve planted just turns back into dirt.
G   **Em**
And you know just what you prayed for;
G   **Em**
well I m proof that doesn t work.

              Em   **Am**
It doesn t work.
              Em   **Am**
It doesn t work.
              Em   **Am**
It doesn t work.
              Em   **Am**
It doesn t work.

[Bridge]
Em   **Am**
The spool of thread that s in my head; it won t spin the other way again.
Em   **Am**
The spool of thread that s in my head; it won t spin the other way again.
Em   **Am**
The spool of thread that s in my head; it won t spin the other way again.
Em   **Am**   **Em**
Am
The spool of thread that s in my head; it won t spin the other way again for me.
     Em   **Am**
For me.

[Chorus 3]
                      Em
And I wanted to change,
      Em
so I did,
                  Am
and I want to die...

[Outro]
Em + Optonial Open Chord, End on **Em**
