

**Bullet Train**  
**Ana Vilela**

**A**  
It s not about having all the people  
**D**  
in the world for you  
**A**  
It s about knowing that somewhere  
**E**  
Someone watches over you  
**A**  
It s about singing and being able to listen  
**D**  
More than the voice itself  
**A**  
It s about dancing in the rain of life  
**E**  
That falls on us  
  
**D**  
It is to know if you feel infinite  
**E**  
In such a vast and beautiful universe  
**A**  
To know how to dream  
**D**  
And then make it worth every verse  
**E**  
**A**  
From that poem about believing  
  
**A**  
It s not about getting on top of the world  
**D**  
Know that you have won  
**A**  
It s about climbing and feeling  
**E**  
That the way strengthened you  
**A**  
It s about being shelter  
**D**  
And also to live in other hearts  
**A**  
And so having friends with you  
**E**  
In all situations  
  
**D**  
We can not have it all

**E**

**A**

What would be the grace of the world if it were so

**D**

That s why I prefer smiles

**E**

And the gifts that life brought

**A**

Close to me

It s not about all your money

**D**

Can buy

**A**

And yes about every moment

**E**

Smile to share

**A**

It s also not about running

**D**

Against the time to always have more

**A**

Because when you least expect it

**E**

Life is behind us

**D**

Hold your son on his lap

**E**

Smile and hug your parents

**A**

While here

**D**

That life is bullet train partner

**A**

And we re just passing on

**D**

**E**

**A**

Laia laia laia laia

**D**

**E**

**A**

Laia laia laia laia

**D**

Hold your son on his lap

**E**

Smile and hug your parents

**A**

While here

**D**

That life is bullet train partner

**E**

And we re just passing on bullet train
