

Regret  
Anathema

**Am** **Em**  
As I drift away... far away from you,  
**Am** **Em**  
I feel all alone in a crowded room,  
**F**  
Thinking to myself  
**Dm**  
There s no escape from this  
**F**  
fear  
regret

**Dm**  
loneliness...

**Am**  
Visions of love and hate  
**Dm**  
A collage behind my eyes  
**Am**  
Remnants of dying laughter  
**Dm**  
Echoes of silent cries

**Am**  
I wish I didn t know now that  
**Em**  
I never knew then...  
**Am**  
Flashback  
**Em**  
Memories punish me once again  
**F**  
Sometimes I remember all the pain  
**Dm**  
that I have seen.  
**F** **Dm**  
Sometimes I wonder what might  
have been...

**Am**  
Visions of love and hate  
**Dm**  
A collage behind my eyes  
**Am**  
Remnants of dying laughter  
**Dm**

Echoes of silent cries

**Am**

And sometimes I despair

**Dm**

At who I ve become

**Am**

I have to come to terms

**Dm**

With what I ve done

**Am**

The bittersweet taste of fate

**Dm**

We can t outrun the past

**Am**

Destined to find an answer

**Dm**

A strength I never lost

**F**

I know there is a way,

**G**

My future is not set,

**F**

For the tide has turned

**C**

But still I never learned

**Em**

To live

**Am**

without regret
